Dear Friends & Families,

I hope you enjoyed the much needed sun this past week amidst all that is happening around us! I hope you really took the time to bond, laugh, and learn while being with each other! Know that I truly miss all of you and I wish we were learning and laughing in the classroom together. Please look over our "At-Home" Learning Tools to implement throughout your week ☺

Some of these activities are very quick and could be done in a few minutes. I would encourage you to visit Seesaw and complete the weekly tasks that I have assigned (scheduled: March 23 at 8:30 a.m.) If you need assistance with how to complete the activity, please let me know and I can try to walk you through it ☺

NEED TECHNOLOGY?

During school closures, students who do not have a laptop and/or internet access at home may check a laptop and/or internet hotspot out from the school district. If you are interested, please let me know so that I can assist. You will be asked to sign a form taking responsibility for the laptop. A copy of the form will be provided when you pick up the laptop. Requests prior to 12:00 pm (noon) will be available for pick up the following day.

ZOOM: VIDEO CHAT

I did my first Video Chat with my Kindergarten Team today and it was great! Since we are practicing social distancing, I thought it would be really neat to get on a Zoom chat so that we could say hi to each other one day 😊 It is super easy to set up and use! As I familiarize myself with it, I will set up a video chat meeting (maybe this Friday) and see how that goes. I'm sure your child would like to see familiar faces and say hi! I'll keep you updated 😊
